FOR YOUR INFORMATION...

This is a synopsis of some of the laws that affect a great many people. For further clarification of these laws please refer the State of New Hampshire Revised Statutes Annotated as indicated.

DOGS - Pursuant to RSA 466:1-7, if your dog is over 4 months old you are required to license it by **APRIL 30 of each year**. Proof of rabies vaccination and spaying or neutering is required at the time of licensing. Licenses may be obtained at the Town Clerk Office.

REGISTERING TO VOTE & ABSENTEE BALLOTS - If you have established permanent domicile in the Town of Hill, are a United States Citizen and are 18 years of age or older you have the right to register to vote. Voter registration forms are available at the Town Clerk Office. You may also register to vote at the polls during Election Day. You must show a picture identification or driver's license at the time of registering.

If you are a legally registered voter for the Town of Hill you may request an absentee ballot for any elections. If you will be out of Town, disabled or unable to get to the polls for voting on the day of elections, you may apply for an absentee ballot. Ballots are obtained at the Town Clerk Office.

TAX BILLS - All real estate property taxes are assessed on April 1st of each year. **The tax year is April 1st through March 31st.** The first billing of each year (June) is calculated at 50% of the previous year tax rate. The tax rate is set prior to the second billing of each year (November) by the State of NH, Department of Revenue.

The taxpayer may, by March 1st following the date of notice of the tax and not afterwards, apply in writing to the Board of Selectmen for an abatement of the assessed tax as provided under RSA 76:16.

If you are elderly, disabled, blind, a veteran or a veteran's spouse, or are unable to pay taxes due to poverty or other good cause, you may be eligible for a tax exemption, credit, abatement or deferral. You must apply prior to **April 15th** to be considered for the next tax cycle. For details and application information contact the Board of Selectmen.

Real estate tax payments will be applied first to the oldest delinquent real estate taxes (if any) for the indicated property. Payment of a current bill does not prevent collection of previous unpaid taxes, nor does an error in the name of the person(s) taxed prevent collection. If payment is made by check or money order, it is not considered paid until the check or money order is cleared by the bank. A \$35 fee will be assessed for any checks returned by the bank for any reason.

If you are not the present owner of the property and you received a bill still in your name, please forward to the proper owner. The Board of Selectmen direct the Tax Collector to issue bills to the last known reported owner of the property and the last known address. Any real estate property sales issued in the current month will not be recorded with the Board of Selectmen until the middle of the following month. All address changes should be directed to the Board of Selectmen.

PROPERTY TAX ABATEMENTS - Municipalities may abate taxes "for good cause shown." RSA 76:16. Good cause is generally established by showing an error in the assessment calculation or a disproportionate assessment. Good cause can also be established by showing poverty and inability to pay the tax.

The taxpayer has the burden to show how an assessment was disproportionate. To carry this burden, the tax must show what the property was worth (market value) on the assessment date and the property's "equalized assessment" exceeded the property's market value. Because the property's market value is a crucial issue, taxpayers must have an opinion determined of the market value. This opinion can be shown by obtaining an appraisal or presenting sales of comparable properties.

The taxpayer must state with specificity all the reasons supporting your abatement application. Generally, specificity requires the taxpayer to present material on the following (all may not apply): 1. physical data – incorrect description or measurement of property; 2. market data – the property's market value on April 1, supported by comparable sales or a professional opinion of value; 3. level of assessment – the property's assessment is disproportionate by comparing the property's market value and the town-wide level of assessment.

If claiming poverty or inability to pay, state in detail why abatement of taxes is appropriate as opposed to some other relief such as relocation, refinancing or obtaining some alternative public assistance.

Abatement applications must be filed with the Board of Selectmen by March 1. Municipalities have until July 1 to grant or deny the abatement application. Taxpayer's may file an appeal either at the Board of Tax and Land Appeals or in the superior court, but not both.

TIMBER YIELD TAX (RSA 79) - Timber is considered to be real estate, therefore taxable. Timber is only taxed at the time it is cut and at a rate, which encourages the growing of timber. In order for the Town to be aware of cutting operations the owner of the property must notify them of cutting by filing an Intent to Cut. Timber tax is assessed upon the receipt of the Report of Wood Cut, which must be filed with the Town within 60 days of completion of cutting. Fines for non-compliance may be assessed. The DRA and Division of Forest & Lands have authority to issue a cease and desist for any cutting operation not in compliance with RSA 79.

The following are the only exceptions to taxation. No Intent to Cut is required and timber is not taxable for these items:

1. 10 MBF saw logs and 20 cords fuel wood for personal use.
2. 10 MBF saw logs and 20 cords of wood for land conversion purposes when all permits for the conversion have been received.
3. Shade and ornamental trees, usually considered to be trees within striking distance of a building.
4. Christmas trees, fruit trees, and nursery stock and short rotation tree fiber.
5. Any amount of firewood for maple syrup production.
6. Government and utilities not selling the wood.

CURRENT USE (RSA 79-A) - The purpose of Current Use is to preserve open space – a property tax strategy to help landowners keep their open space undeveloped. Land is assessed at its present use rather than its highest potential use. Current Use does not require land to be open to public use.

Parcels must be at least 10 acres in size or bring in \$2500 in annual agriculture or horticultural products if classified as Farm land. Parcels can be sold with no penalty. It remains in current use regardless of who owns it. No “buy out” provision exist. Once the land is accepted, it is intended to be in forever. Current Use applications must be submitted to the Board of Selectmen by April 15th with a fee of \$21.41 to have their parcel so classified. Upon approval, applications are recorded at the Merrimack County Registry of Deeds.

Current Use assessment ranges include farm land, forestland, unproductive land and wetlands. A 20% additional recreation adjustment is available for allowing certain recreation activities on the land.

If the parcel's use physically changes or the changes create a parcel of less than 10 acres in size, a penalty of 10% of the full and true market value of the changed portion is assessed at the time of change. Only the acres changed are assessed, the remainder stays in current use. For more information contact DRA – Community Services Division located at 57 Regional Drive, Concord, NH or by calling (603)271-2687 or at www.state.nh.us/revenue/currentuse.

THE STATE OF NEW HAMPSHIRE
TOWN OF HILL, NH
TOWN WARRANT

To the inhabitants of the Town of Hill in the County of Merrimack, in said State, qualified to vote in Town affairs:

You are hereby notified to meet at the Hill Public Library, located at 30 Crescent Street in said Hill on Tuesday, the 13th day of March 2008 at 11:00AM to vote on the following subjects:

ARTICLE 1: To choose all necessary Town officials for the ensuing year.

NOTE: By law, the meeting must open before the voting starts. Therefore, the meeting and the polls will be open at 11:00AM for the consideration of Article 1. At noon, the meeting will recess but the polls shall remain open and shall not close until 7:00PM.

The meeting will reconvene at the Jennie D. Blake Elementary School on Thursday, March 13, 2008, at 7:00PM to act on the remaining articles of this warrant.

ARTICLE 2: To see if the Town will vote to raise and appropriate the sum of \$300,000 to purchase a new Fire Pumper/Tanker truck, and authorize the withdrawal of \$66,000 from the Fire Department Heavy Equipment Capital Reserve Fund created for this purpose, and to authorize the issuance of not more than \$234,000 of bonds or notes in accordance with the provisions of the Municipal Finance Act (RSA 33) and to authorize the Board of Selectmen to issue and negotiate such bonds or notes and to determine the rate of interest thereon. The funding source to be \$55,000 from the Highway Heavy Equipment Capital Reserve Fund. (Recommended by the Selectmen and Budget Committee)

ARTICLE 14: (Submitted by Petition) To see if the Town of Hill will vote to rescind the authority granted to the Board of Selectmen under RSA 35:15 to act as agents to expend the following Capital Reserve Accounts:

Highway Heavy Equipment
Police Heavy Equipment
Revaluation of Properties
Transfer Station Improvements

ARTICLE 15: To see if the Town will vote to authorize the Board of Selectmen to transfer ownership of the lot adjacent to the Hill Village Bible Church property, part of Town Tract #6, which they are currently leasing from the town, to the Hill Village Bible Church, Inc. for the consideration of \$1.00. (The Hill Village Bible Church would pay all costs associated with the transfer of the property).

ARTICLE 16: To see if the Town will vote to approve the following resolution to be forwarded to our State Representatives, our State Senator and our Governor:
(Submitted by petition)

Resolved: We the citizens of Hill, NH believe in a New Hampshire that is just and fair. The property tax has become unjust and unfair. State leaders who take a pledge for no new taxes perpetuate higher

and higher property taxes. We call on our State Representatives, our State Senator and our Governor to reject the "Pledge", have an open discussion covering all options, and adopt a revenue system that lowers property taxes.

Given under our hands and seal this 19th day of February in the year of our Lord two thousand eight.

TAX COLLECTOR/TOWN CLERK NARRATIVE

This was an exciting year for me I have completed the fourth year of the NH Town Clerk/Tax Collector Joint Certification Program. This year's completion now entitles me to the title of "Certified Tax Collector/Town Clerk". This program is specifically designed to encompass legal, ethical and mandatory procedures specifically required of the position of Town Clerk/Tax Collector. I have received an immense amount of knowledge from this program that has allowed me to grow professionally and personally. I will be encouraging my staff to participate in this program also.

I was also shocked and honored to receive a Commendation from Governor John Lynch this year at Town Meeting. I was honored beyond what words could express to receive such an award nominated by State Representatives of District 2, Jim Ryan and Leigh Webb. It really means a lot to me to be recognized by fellow public servants such as our State Representatives. I will always continue to try to provide to the residents of Hill my utmost professionalism and to continue to improve on services within my power that are available to the community.

In 2006 we were awarded a \$10,000 grant from the NH Vital Records Improvement Funds for the preservation, protection and restoration of vital records. After receiving a professional assessment of our records and facilities, or lack of, the State highlighted areas that they would like to see addressed within the means of these grant funds. With these funds I was able to acquire a small archival storage safe in the Town Clerk office specifically for birth, death and marriage records. We also installed a security system and anti-glare film on the windows within the Town Clerk office. The last items to be completed with these funds will be microfilming all of the open vital records within the Town's archives. It has also been recommended by the State of NH that the Town start setting funds aside in a capital reserve account to assist with acquiring archival storage facility areas within the Town office building to help protect our precious and priceless historical data.

I would like to thank the State of New Hampshire for realizing the importance of our Town's historical documents and allowing for funding to become available. The Record Conservation and Preservation Project that I started approximately ten years ago is very dear to me and I will continue to look for and acquire additional grant funds as they come available from other resources.

As I always close my narrative, I wish to express my great appreciation to the residents and taxpayers of Hill for allowing me to serve our community. As one of my favorite quotes goes, "The friendships of those we serve is the foundation of our progress."

Thank you. It is all of you that make my job so wonderful!

Sincerely submitted,

Desiree L. Mahurin

7 YR CHANGE IN WORK FLOW

HILL PUBLIC LIBRARY REPORT-2007

We are pleased to report another busy year! In 2007, the library served 4,804 patrons. Circulation was heavy, with 2,214 materials borrowed during the year. There were an additional 211 transactions through the Interlibrary Loan System. The library's high-speed computers were available for access to 1,265 computer users. Students of JDBS were provided with weekly library time for Literacy Skills and book exchange. For those new to town, our public library has served as the school's library for the last five years.

In 2007, the library continued to make progress in meeting the needs of our community. The children's section was restored with much needed shelving in February, through a grant from the Lakes Region Charitable Foundation. This organization also provided funding for new shelving in the adult section of the library as well as a new photocopier available for public use. The most remarkable event was the change made to the library schedule in October. As the result of a survey conducted in 2006, Library Trustees agreed to open the library for an additional day. Residents now have access to the library 32 hours per week.

Our Summer Reading Program, "Reading Road Trip USA!" was very successful. A total of 222 children and adults participated in the activities and entertaining events that were offered. We couldn't have done it without the support of volunteers, local businesses, the Friends of Hill Parks & Rec., and of course, the taxpayers of Hill. We thank you all.

We'd also like to express our appreciation to the "Friends" group for their efforts to support and promote our library. The group funded a performance by Professor Read-a-Lot during the library's Open House in the fall. "The Friends" sponsored a *Caroline B. Robie Memorial Book Project* in which titles are randomly chosen and purchased from a list of patron suggestions. For the fifteenth year, the group donated new library books in honor of all babies born in Hill. A digital camera was purchased for recording all of our memorable events, thanks to our "Friends".

In closing, we'd like to mention a few ongoing programs available at the library. Our book club continues to meet monthly. Please call for information. The Interlibrary Loan System is a great resource for our library as well as many others all over the state. If you can't find what you're looking for here, we'd be glad to borrow it from another library. Please watch for the new Town of Hill website where you'll find information on all happenings at the library. Don't own a computer? We have four available with high-speed Internet access, the Microsoft Office Suite, and color/black & white printing capability. As always, we urge you to check out the Hill Public Library!

Respectfully Submitted,

Lynn Christopher, Librarian

Our Fire Department membership is has grown to 14 members, but we can always use an extra hand. This includes volunteers that may not be directly involved with emergency response, but feel they can contribute in other ways. As always if anyone is interested in becoming a member or volunteering their time in another way, they can contact us at 934-5350 or stop by the station anytime we are there.

The Fire Department staff completed over 1700 hours of training in 2007, both in and out of the Fire Department, which provided us with an additional 5 Firefighters, 2 Emergency Medical Technicians, and 9 Commercially Licensed Drivers. This shows the level of dedication the members have to continuing to ensure the highest level of service and protection to the town and its residents.

We continued our efforts to give the community a better understanding of what we do, this year our efforts included the annual Fire Prevention Week activities, EMS stand-by for the Haunted Hayride in Old Hill Village, two open houses, among many other things. A special thank you to Principal Wayne VanGorden, the staff and students at Jennie D. Blake School, and The Friends of the Hill Parks and Recreation, for continuing to support us and allowing us to be involved, it has been a pleasure working with all of you!

As always, thank you to the Board of Selectmen, the Hill Police & Highway Departments and the residents of Hill for the continued help and support this year.

I would also like to extend my heartfelt thanks to the members of the department and their families for all the hard work, understanding and continued support over the last year. Words cannot express how very proud I am of all of you for everything you have accomplished and look forward to continuing to work with all of you in the coming year. *Please wear your seat belts and check your smoke/CO detector batteries!!!*

Report of Forest Fire Warden and State Forest Ranger

Your local Forest Fire Warden, Fire Department, and the State of New Hampshire Division of Forests & Lands work collaboratively to reduce the risk and frequency of wildland fires in New Hampshire. To help us assist you, please contact your local Forest Fire Warden or Fire Department to determine if a permit is required before doing ANY outside burning. Under State law (RSA 227-L:17) a fire permit is required for all outside burning unless the ground is completely covered with snow. The New Hampshire Department of Environmental Services also prohibits the open burning of household waste. Citizens are encouraged to contact the local fire department or DES at 1-800-498-6868 or www.des.state.nh.us for more information. Safe open burning requires diligence and responsibility. Help us to protect New Hampshire's forest resources. For more information please contact the Division of Forests & Lands at (603) 271-2214, or online at www.nhdfi.org.

Fire activity was very busy during the spring of the 2007, particularly late April into early May. As the forests and fields greened up in later May the fire danger decreased. However, a very dry late summer created very high fire danger again from August into September, with fire danger reaching very high on Labor Day weekend. Even with the dry conditions, the acreage burned was less than half that of 2006. The largest forest fire during the 2007 season burned approximately 26 acres on the side of Wantastiquet Mountain in Chesterfield during the month of May. Our statewide system of 16 fire lookout towers is credited with keeping most fires small and saving several structures this season due to their quick and accurate spotting capabilities. Many homes in New Hampshire are located in the wildland urban interface, which is the area where homes and flammable wildland fuels intermix. Several of the fires during the 2007 season threatened structures, a constant reminder that forest fires burn more than just trees. Homeowners should take measures to prevent a wildland fire from spreading to their home. Precautions include keeping your roof and gutters clear of leaves and pine needles, and maintaining adequate green space around your home free of flammable materials. Additional information and homeowner recommendations are available at www.firewise.org. Please help Smokey Bear, your local fire department and the state's Forest Rangers by being fire wise and fire safe!

We are pleased to have Officer Jon Evans back in Town. Officer Evans returned after serving in Iraq with the Army National Guard. I thank him for his service to the country and am very happy for his safe return.

Officer Matthew Currier resigned this year and was replaced by Officer David Kratz. The addition of Officer Kratz has proved to be very beneficial to the Town. He does an excellent job and has been well received by the citizens. It also means that 3 of our 4 Officers now live in Town.

Officer Dow has taken some time off this year to start his own business and I look forward to his return and hope that he will be back soon.

Administrative Assistant Meri Hirtle continues to provide excellent service to the department. She continues to be essential to the running of the department.

As always, there are many people that provide helpful services to the town. The New Hampshire State Police has provided coverage and assistance when needed and the Franklin Police continues to provide professional dispatch service to the department.

I look forward to working with the citizens of the Town of Hill to continue to make Hill a safe Town to live in. With the help of the members of the Police Department and the cooperation of its citizens we can accomplish this goal.

Finally, I would like to thank the Selectmen for their support throughout the year. The positive working relationship has been essential to the smooth running of the Police Department.

Respectfully,

Donald E. Sullivan
Chief of Police

HILL CEMETERY REPORT

The Cemetery Trustees engaged Robert Dupuis to maintain and mow several old cemeteries. Mr. Dupuis mowed and trimmed each cemetery three times which included Bunker Hill, Ferrin and Murray Hill cemeteries.

The Hill Center Church was mowed once with volunteer labor and is difficult to maintain due to very rough ground and thick, tangled grass. The Trustees added a small increase to our budget to mow this cemetery.

The gate at Murray Hill Cemetery was scraped, primed and painted by volunteer labor in October 2007.

Planning

The planning board approved one subdivision in the past year creating three residential lots in the rural residential area. This is a considerable decrease from previous years which probably reflects the recent trends in the housing industry. As in previous years, the subdivision of large rural lots into residential lots with small frontage on Class V roads continues. The board also approved the merger of two properties, eliminating a land locked lot.

The board approved the site plan for apartments on Commerce Street and completed the re-permitting of the Morrison Gravel pit on 3-A. The board received a number of complaints about the operations at the Circle 3 gravel pit on Bootjack Road. Unfortunately, the permit that was granted the Bootjack Road site did not address matters related to the operation of the pit such as noise, dust and hours of operation. Board members inspected the site in the summer, phase 1 areas have been successfully reclaimed and much of the phase 2 area has been excavated. The site operators believe that excavation will be complete in the summer of 2008.

The updated master plan is complete and will be available for public review. In the fall, the capital improvement committee developed a capital improvement plan (CIP) for the town. The goal of the CIP is to identify capital needs of the town (roads, buildings, heavy equipment, etc) and identify funding sources and a schedule for replacement. The CIP is an advisory document for the Selectmen's Board and the budget committee. The planning board will hold public hearings on the master plan and CIP in March or April.

The board is currently working on amending the town excavation regulations. Current town regulations are basically a reiteration of the state law. We will address operation standards in the new excavation regulations. Public comments on operational standards and site selection are welcome. The subdivision regulations are also in need of revision.

Once approved, the updated master plan will provide guidance for future land use decisions. The planning board will begin review of the zoning ordinance and begin the amendment process to meet the goals of the master plan. The zoning ordinance treatment of home business and home occupations is vague and should be clarified. Standards for signs also need to be addressed. Personally, I think the town should also begin to consider the disposition of the town owned lots in the village district.

I would like to thank all the citizens of this town who have helped in the past year, board members and the members of the master plan and capital improvement committees.

Robert Dancewicz Helmers
Planning Board Chair

Zoning

The Zoning Board of Adjustment heard five cases in the past year, a marked increase from previous years. The board granted a variance for the tractor shop on 3A; the variance allows a non-conforming use and was granted as a variance for a person with a recognized disability as allowed under state law. The board also granted variances to enlarge a non-conforming structure and insufficient road frontage. Both of these variances were for large lots in the residential district that existed at the time the ordinance was passed and where expensive alternatives to the variance existed. The board denied the request for a variance that would have allowed a resort community on Keezar Road. In my opinion, allowing land in the rural residential district to be used for resort communities is a matter that should be decided by the voters of the town as an amendment to the zoning ordinance, and should not be granted as a variance. The board also denied a variance for the minimum acreage requirement for a lot adjacent the town well, citing health and safety concerns.

The criteria for granting variances in the current zoning ordinance no longer comply with recent court decisions. Recent court decisions consider two classes of variances, one for uses and the other for dimensional properties. Our ordinance should be amended to reflect these changes and clarify the criteria for granting variances.

Membership on the Zoning Board of Adjustment continues to be a problem. The board currently has one vacant seat and Dave Kane will retire when his term ends this March. I thank Dave for his years of service and wish him well. I would ask that citizens of the town consider volunteering some of their time and serve on the zoning board.

LAKES REGION PLANNING COMMISSION

2006 – 2007 (FY-07)

The Lakes Region continues to grow and evolve. Homes and businesses have expanded along major roadways, and many of our communities have experienced dramatic changes. This growth has resulted in a number of regional challenges. The Lakes Region Planning Commission (LRPC) is an organization established to provide area communities with the capability to respond to and shape the pressures of growth in a purposeful way. With a service area covering over 1,200 square miles in Belknap, Carroll, Grafton and Merrimack Counties, the LRPC provides a wide range of planning services to member municipalities. The Commission offers direct and support services including technical assistance, geographic information systems, transportation planning, land use, environmental planning, hazard planning and economic development. Local, state, and federal resources primarily fund the LRPC. We are contacted several times daily for answers to local and statewide issues. We also maintain a regular dialogue with state agencies as a resource for the entire Lakes Region. Our goal remains to provide support, knowledge, and leadership to the governments, businesses, and citizens of the Lakes Region.

Listed below are some of the services performed on behalf of the Town of Hill and the region in the past fiscal year:

- ❖ Completed and distributed the 2007 *Development Activity in the Lakes Region* report on the Lakes Region residential and commercial development trends. Prepared and distributed a new development survey for 2007-2008.
- ❖ Planned and coordinated the 21st annual household hazardous waste collection in the Lakes Region. Two consecutive Saturdays were designated as collection days for 24 participating communities. An estimated 20,000 total gallons of waste were collected, containerized, and transported to EPA approved end-of-life locations around the country.
- ❖ In cooperation with area communities, developed an update of the top regional transportation priorities and submitted it to the NHDOT as required by state statute. Continuously to advocate for needed projects.
- ❖ Convened several meetings of the LRPC Transportation Technical Advisory Committee (TAC) to enhance local involvement in transportation planning and project development. The TAC advises the LRPC on transportation projects of regional significance.
- ❖ In cooperation with the NH Local Government Center, hosted and organized three public Municipal Law Lectures where practicing attorneys provide a legal perspective on local planning, zoning and other municipal issues. Recent lectures included: Procedural Basics for Planning and Zoning Boards; Environmental Permitting: The Role of Local Officials; and Road Access and the Municipal Planning Process.
- ❖ Secured funding from the NH Homeland Security and Emergency Management (HSEM) to assist local communities with the preparation of all hazard management plans.

ALEXANDRIA • ALTON • ANDOVER • ASHLAND • BARNSTEAD • BELMONT • BRIDGEWATER • BRISTOL • CENTER HARBOR • DANBURY • EFFINGHAM • FRANKLIN • FREEDOM • GILFORD • GILMANTON • HEBRON • HILL • HOLDERNESS • LACONIA • MEREDITH • MOULTONBOROUGH • NEW HAMPTON • NORTHFIELD • OSSISPEE • SANBORNTON • SANDWICH • TAMWORTH • TILTON • TUFTONBORO • WOLFEBORO

- ❖ Awarded \$50,000 from the U.S. Economic Development Administration to prepare a Comprehensive Economic Development Strategy (CEDS) for the Lakes Region. A completed CEDS will provide communities with improved access to EDA funding for infrastructure and economic development projects, a benefit not currently available.
- ❖ Conducted over 160 traffic counts around the region, in cooperation with the New Hampshire Department of Transportation (DOT). LRPC is also preparing and updating local road inventories, on a town-by-town basis, that will be used by the DOT.
- ❖ Convened six Commission meetings, which featured a diverse range of topics ranging from: a Legislative Night which featured a broad array of proposed legislation, including implementation of a new woodland buffer provisions in shoreland areas, expanding job creation incentives in the LRPC area, swim lines in public waters, and promoting agritourism; presentations on climate challenges including global warming and the effects on NH resources and economy as well as opportunities presented by climate change; an update of LRPC's Regional Goals and Objectives which was accomplished with discussions and recommendations over the four area meetings and adoption in September of this year; an amendment to the Standing Rules and Procedures for the LRPC Transportation Advisory Committee; and an opportunity to exchange viewpoints and make recommendations for amendments to the Comprehensive Shoreland Protection Act (CSPA).
- ❖ Continue to represent the region on several boards and committees related to the economic and environmental well-being of the region, e.g., the Belknap County Economic Development Council, the Grafton County Economic Development Council, the Pemigewasset River Local Advisory Committee, etc.
- ❖ Reviewed project proposals through the NH Intergovernmental Review Agreement that provides the region and local communities an opportunity to respond to applications seeking state and federal aid. LRPC reviewed many proposals having a combined investment total greater than \$131 million in the Lakes Region.
- ❖ Held a hands-on GIS workshop for local officials on the use of GIS.
- ❖ Authored and presented a model steep slope ordinance for use by municipalities interested in preserving steep slopes, in cooperation with the NH Department of Environmental Services.
- ❖ Continue to represent the region at meetings of the Lakes Region Household Hazardous Product Facility in order to explore the ways and means that the facility may encourage other communities to participate.
- ❖ Completed an inventory of age restricted housing in New Hampshire in cooperation with the NH Housing Finance Authority.
- ❖ Completed a School Enrollment Study which showed that the number of school-aged children generated from new single family housing is declining in both NH and the Lakes Region.
- ❖ Conducted the Granite Municipal GIS Survey in cooperation with the UNH Complex Systems Research Institute.
- ❖ Ordered and distributed many copies of the NH Planning and Land Use Regulation books to member planning boards at considerable savings.

- ❖ In cooperation with the town planning board, completed most of the the Hill Master Plan update. These included the Vision, Land Use, Natural Resources, Population, Transportation, Community Facilities, Historic and Implementation chapters.
- ❖ Sent a complimentary copy of *A Guide to National Register Historic Districts in the Lakes Region* to a member of the master plan committee.
- ❖ Shared information about a request before the board to construct a shelter for animals on a land locked parcel.
- ❖ Staff provided review comments on a proposed site plan, as requested by the planning board.
- ❖ Worked with the town roads committee on the need for a Road Surface Management System (RSMS) inventory and established a timeline for implementation.
- ❖ Coordinated with NH DOT and local officials on the potential for road improvements and the use of town equipment for them.

ROAD STUDY COMMITTEE MEETING
JANUARY 8, 2008

Article 10 of the "2007" Town Warrant read and passed as follows:

To See of the Town will vote to establish a committee of 5 voters, the road agent, a member of the Board of Selectmen, and a member of the planning board to study the condition of the town roads and present a plan at the 2008 town meeting for the repair and improvement of the roads, and to raise and appropriate \$20,000 for engineering services to support the committee. This article is a special warrant article.

Attendees: Mark Dow, Selectman, Steven Farris, Selectman, George Robie, John Lynch,
Bill Henry

Meeting opened at 7PM

- Minutes read and accepted.
- Motion to accept LRPC Road Surface Management System to be used as the guidelines for road planning and repair.

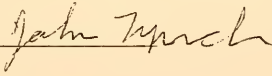

Plan proposed and adopted by this committee as a first step to improving paved roads in Hill.

- Year One
Correct drainage and shim the following roads as recommended:
Cass Mill I (.518 mile)
Currier I (.615 mile)
Currier II (.922 mile)
- Year Two
Correct drainage and shim as recommended:
Bunker Hill I (2.0 miles)

Road committee to meet again on the first Wednesday in May to discuss work to be done this year. The committee also agreed to meet in the fall to assess the work completed in 2008.

All repairs to be paid with existing funds from the Road Improvement Capital Reserve Funds.

Meeting adjourned at 8:45PM.

VOTED: PASSED AS AMENDED #2

ARTICLE 15: To see if the town will go on record in support of effective actions by the President and the Congress to address the issue of climate change which is increasingly harmful to the environment and economy of New Hampshire and to the future well being of the people of Hill.

These actions include:

- 1. Establishment of a national program requiring reductions of U.S. greenhouse gas emissions while protecting the U.S. economy.
- 2. Creation of a major national research initiative to foster rapid development of sustainable energy technologies thereby stimulating new jobs and investment.

In addition, the town of Hill encourages New Hampshire citizens to work for emission reductions within their communities, and we ask our Selectmen to consider the appointment of a voluntary energy committee to recommend local steps to save energy and reduce emissions.

The record of the vote on this article shall be transmitted to the New Hampshire Congressional Delegation, to the President of the United States, and to declared candidates for those offices.

Town of Hill

Congratulations for being such active recyclers!

Below please find information on the positive impact this recycling has had on your environment.

The recyclable materials listed below were sent to market to be remanufactured into new products through your non-profit recycling cooperative, the Northeast Resource Recovery Association.

Your Non-Profit Recycling Cooperative!

January 18, 2008

Dear NRRA Member,

The Northeast Resource Recovery Association (NRRA) is the “first-in-the-nation”, member-owned, non-profit recycling cooperative. As a member of this 27 year old organization, you have worked with other municipalities and businesses to help each other and the NRRA staff to:

- Maximize recycling revenues
- Share cutting edge information
- Reduce disposal costs
- Reduce global warming emissions
- Access expert technical assistance

This past year, NRRA members successfully moved over 67,991 tons (that’s over 1308 tons each week) of thirty different types of recyclables to market! This is your cooperative – member-based and member-driven. We encourage you to become more active, whether through NRRA programs to market your recyclables, attending monthly Marketing Committee meetings, taking advantage of “strength in numbers” with NRRA’s cooperative purchasing program or by attending the 2008 NRRA Annual Conference and Expo on June 9th & 10th.

Enclosed is your Environmental Impact Report. Your 2007 Detailed Activity Report is available upon request. On behalf of the Board of Trustees, NRRA staff and over 375 members, we look forward to working with you in the coming year and thank you again for your continued recycling efforts.

Sincerely,
NRRA Staff

2007 Report to the Town of Hill

The TTCC staff would like to wish everyone a Happy & Healthy 2008.

We are grateful to all of the volunteers, sponsors, coaches and donors that helped to make 2007 a success. We offered some exciting new programs and fundraisers. Here are just a few of the highlights:

- **Newfound Biggest Loser:** We are pleased to report that after three sessions of the Biggest Loser Program 88 participants have lost **859.5 lbs.** Way to go!!
- **Celebrating Our Stars:** In 2007 the TTCC recognized **Shane, Elaine, Shannon & Jennifer Tucker** of Bristol and **Jim Crawford** of Bridgewater for their outstanding volunteerism for the TTCC.
- **Annual Fund:** The TTCC raised over \$30,000 with the kick-off of our first Annual Fund Drive. We would like to thank **Patricia Bannan, Alan & Susan Blake, Guy Brouillard, Carl Carlson, John & Nancy Conkling, Susan & Clifton Davis, Glenn & Ann Dorr, Victor Field, Julaine Geldermann, Dorcas Gordon, Ned Gordon, John Greenan, Emery & Garrett Groundwater, Albert Hopkins, Jr, Colleen & Daryl Lane, James & Michelle McEwen, Andrew & Linda McLane, Andy & Suzi Moore, Frank & Judith Pescinski, Silvino Pinto, Carlene & David Rose, John & Barbara Stokoe, The Charles Foundation, Lisa & Steve White, Doug & Wendy Williams, Jane Willingham Trust, Donna Worthen, Sam Worthen, and Lynne Zaccaria** for their generous donations.
- **Westward Bound Teen Expedition:** The TTCC embarked on it's first Westward Bound Teen Expedition in August of 2007. Twelve teens from the Newfound area were chosen to participate on this exciting adventure. The group with three chaperones traveled 1,400 miles throughout Montana, Utah, and Wyoming spending three days at Yellowstone National Park, two days in Nevada City and two days in Utah. In 2008 we will travel to Glacier National Park and the Custer area with 16 new teens. The teens and their families described this as a 'life changing' experience. We would like to thank New Hampshire Electric Coop for the grant we received toward the cost of the 2007 trip.

Some of the building projects completed this year included the purchase of new doors for the Nursery School and Handicap entrances, painting of the entry hallway, 160 new chairs and two racks and the repair of the Nursery entryway ceiling. We thank **Bristol Shop N Save** for their sponsorship of new gym mats that will be installed shortly.

We would like to express our continued gratitude to the **Bristol United Church of Christ** for the use of the TTCC building. Their support of our program is priceless! Thanks to the **Bristol Rotary Club** and **Bristol Community Services** and the **Bristol United Church of Christ** for scholarship funding for our summer camp participants. Also a thank you to the **NH Marathon Committee** for their donation of \$3,700.

In closing we wish to thank the residents of the Newfound Towns for your support of the TTCC. Come & recreate with us in 2008. **The Benefits are Endless...**

Commonly Asked Questions About the TTCC

- 1. How many children from Hill participate in TTCC programs?
 - ❖ We have 36 children registered from Hill in our sports leagues, summer program and after school program. This does not address those children that are in Tot Time, at Teen Dances or attend High School Nights. We do not track the adults involved in programs at this time.

- 2. How much did the TTCC raise in gifts and fundraising during 2007?
 - ❖ The TTCC fundraised \$107,000 during 2007 of which \$41,100 was in gifts/donations. This represents 26% of the budget.
 - ❖ The TTCC conducted 43 fundraising activities during 2007.

- 3. How much money did the TTCC give to Hill children for scholarships in 2007?
 - ❖ The TTCC gave \$1,390 in scholarships to children in Hill during 2007.

- 4. What programs are offered at no charge at the TTCC?
 - ❖ Tot Time on Mondays & Wednesdays from 9:30 – 11 am throughout the year
 - ❖ High School Night on Tuesday evenings during the school year. Supper is provided to the teens on this evening.
 - ❖ Santa’s Village on three days during December
 - ❖ Adult Volleyball, Basketball, Badminton
 - ❖ All programs have scholarships available. No child is turned away for financial reasons.

Franklin *VNA & Hospice*

Hill Town Report 2007

The year 2007 was the 63rd that the Franklin VNA and Hospice was privileged to provide home care and hospice services to the residents of Hill. We have made over 275 visits to the residents of Hill and have logged 68,972 miles agency-wide. It is an honor to provide professional home care services to our neighbors when they need such help.

The VNA of Franklin continues with our Home Care program sending Nurses, Physical and Occupational Therapists, Home Health Aides and Homemakers into the patients' homes to meet the needs of the infirmed and elderly. We also care for newborns and their moms through our Healthy Families of the Twin Rivers program, as well as the ill children in our community.

Our Hospice program is now in its second year. We have been privileged to serve 29 patients and their families this year. We have continued with our bereavement support groups which are open to any community member who has experienced a recent loss of a loved one.

The VNA has also been an active part of the Emergency Preparedness planning for the greater Franklin/Bristol All Hazard Region. The VNA has participated in 2 table top exercises to test the effectiveness of the All Hazards Response Plan in responding to a public health emergency. Staff has been surveyed as to their availability in the event of a state declared emergency and has been challenged to develop a personal Emergency Plan for their homes and families. As a community health care provider the Franklin VNA and Hospice will have a key role in our service areas in the event of a disaster.

We began 2007 with the new logo and "Doing Business As" name of Franklin VNA and Hospice. This has given us an opportunity to redesign our materials and brochures and to reintroduce our agency in the community.

We are faced with great changes in the way the Medicare program is reimbursing for Home Care services. In January, 2008 the Prospective Payment system will be reconfigured and payment for home care services will be cut 2.73% per year for the next 4 years. We are actively preparing for the impact of this on our agency finances as well as trying to remain competitive in the health care market for quality caregivers.

We remain committed to providing excellence in patient care and to being an active contributing member of our communities.

Respectfully Submitted,

Carol S. Plumb
Executive Director

UNH Cooperative Extension Merrimack County

For 93 years, UNH Cooperative Extension, the public outreach arm of the University of New Hampshire, has engaged New Hampshire residents with a broad variety of non-formal educational offerings. One in four Merrimack County residents took advantage of at least one Extension program last year.

We offer programs in parenting, family finances, food safety, home gardening, 4-H (including clubs, camps, special interest programs and after school programs) for children and teens, nutrition education for low-income families, and acculturation for refugee families. We respond to the needs of forest landowners, commercial farmers, niche growers, farmers' markets, and many other groups.

Merrimack County Extension educators also work extensively with towns and school districts, organizing and advising after-school programs, helping school and town groundskeepers maintain athletic fields, landscaped areas, and town forests. We provide guidance to community boards on current use, timber tax law, and other land use issues. We also help social service agencies plan programs and stay current with the latest research and best practices.

Our county staff participate—and sometimes take leadership roles—in many state and local coalitions, among them the Franklin Asset Building Coalition, Concord Asset Building Coalition, the Concord Substance Abuse Coalition, the Timberland Owners Association, N.H. Farm and Forest Exposition board, Ausbon Sargent Land Trust outreach committee, N.H. Association for Infant Mental Health, the state Marriage and Family Advisory Board, and the N.H. Volunteer Administrators Association.

Merrimack County Extension provides fact-sheet notebooks to all town libraries and our educators are often a guest of WPTL Radio (107.7 FM), which offers information to residents throughout the station's listening area.

UNH Cooperative Extension operates a statewide toll-free Info Line at our Family, Home & Garden Education Center, staffed Monday through Friday, 9:00 a.m. – 2:00 p.m., and 5:00 p.m. to 7:30 p.m. on Wednesday evenings. The number for the Info Line is 1-877-398-4769. Last year, the Info Line handled more than 684 requests from Merrimack County residents.

Finally, UNH Extension trains and supports over 4,300 volunteers: 4-H leaders, master gardeners, wildlife coverts, community tree stewards, water quality monitors and others, who extend the reach of Extension programs into many domains of New Hampshire life. If volunteer opportunities interest you, please call Merrimack County Extension Office at 225-5505 or 796-2151, or stop by the office at 315 Daniel Webster Highway in Boscawen next to the County Nursing Home on Route 3.

Extension also distributes a wide range of information from our Web site: www.extension.unh.edu.

Town Report 2007

Senator Peter H. Burling
District 5

I am so pleased to serve you as your State Senator, and I write to report from the New Hampshire Senate on important state issues affecting you, as residents of Hill.

Last session, I concentrated on several key issues important to the citizens of New Hampshire: among them were helping New Hampshire's working families by increasing the minimum wage; protecting New Hampshire citizens' health by implementing a smoking ban in restaurants and bars, increasing access to health care by supporting expanded eligibility to health insurance, protecting New Hampshire's special places and open spaces by increasing funding of the Land and Heritage Investment Program, adopting foreclosure protections for consumers, and reducing the high school dropout rate by ensuring attendance to age 18.

Below is a detailed account of the state aid for Hill:

FY 2007 State Aid to Hill

Type of Aid	Amount
Special Education	\$ 10,267
School Building Aid	\$ 17,330
Adequate Education	\$ 654,020
Retirement Contribution – Teachers	\$ 5,517
Flood Control	\$ 99,275
Meals & Rooms Distribution	\$ 41,916
Revenue Sharing	\$ 4,874
Highway Block Grant	\$ 47,983
TOTAL	\$ 881,182

As a member of Senate Public and Municipal Affairs Committee, Transportation and Interstate Cooperation Committee, and Chairman of both Election Law and Internal Affairs Committee, and the Executive Departments and Administration Committee, I will be very busy. I would be happy to hear from you on any issues of concern you may have. This session, I will continue to concentrate on issues important to the citizens of New Hampshire: costing an adequate education, implementing kindergarten in the communities that don't yet offer it, strengthening our laws to improve internet safety for our children, protecting the future of the New Hampshire Retirement System and revisiting highway funding and our statewide highway infrastructure. I have also been elected chair of the newly formed New Hampshire Rail Transit Authority which is committed to beginning the process of ensuring commuter rail to connect Boston to Nashua to Manchester with the hopes of extending it further.

If you wish to contact me about these or any other matters I might help you with, please call me at (603) 271-2642, or e-mail me at peter.burling@leg.state.nh.us.

**PLODZIK & SANDERSON***Professional Association/Accountants & Auditors*193 North Main Street • Concord • New Hampshire • 03301-5063 • 603-225-6996 • FAX-224-1380**INDEPENDENT AUDITOR'S COMMUNICATION OF
CONTROL DEFICIENCIES AND OTHER MATTERS**

To the Members of the Board of Selectmen
Town of Hill
Hill, New Hampshire

In planning and reporting our audit of the financial statements of the Town of Hill as of and for the fiscal year ended December 31, 2006, in accordance with auditing standards generally accepted in the United States of America, we considered the Town of Hill's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Town of Hill's internal control. Accordingly, we do not express an opinion on the effectiveness of the Town of Hill's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. However, as discussed below, we identified a deficiency in internal control that we consider to be a material weakness.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the Town of Hill's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the Town of Hill's financial statements that is more than inconsequential will not be prevented or detected by the Town of Hill's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the Town of Hill's internal control. We believe that the following deficiency constitutes a material weakness.

The Town of Hill has a material weakness in their internal control system over financial statement preparation. The Town's financial statements were prepared by the auditor, however, the Town does not have the expertise to evaluate whether the financial statements are in compliance with generally accepted accounting principles. We recommend that the Town take steps to correct this weakness in its internal controls, possibly by hiring a qualified consultant to evaluate the financial statements on its behalf.

We also want to discuss the following other issue that we do not consider to be a significant deficiency.

In June of 1999, the Governmental Accounts Standards Board (GASB) issued Statement No. 34, *Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments*. This statement drastically changes the way in which financial statements are prepared and requires additional information to be reported in order for the financial statements to be in compliance with accounting principles generally accepted in the United States of America. Statement No. 34 took effect for the Town of Hill for the fiscal year ended December 31, 2004.

*Town of Hill**Independent Auditor's Communication of Control Deficiencies and Other Matters*

The Town has not implemented GASB Statement No. 34, but has presented the financial statements following the format that was in effect prior to GASB Statement No. 34. While we have conducted our audit following generally accepted auditing standards as we have in past years, we have issued an adverse opinion again this year because the financial statements are missing several required statements and supplementary information, and the format presented does not follow Statement No. 34. The opinion does not mean to imply that the figures are incorrect, but that they are not presented in accordance with generally accepted accounting principles. We recommend that the Town of Hill take action to implement GASB Statement No. 34 as required by accounting principles generally accepted in the United States of America.

This communication is intended solely for the information and use of management, the board of selectmen, others within the organization, and state and federal agencies, and is not intended to be and should not be used by anyone other than these specified parties.

Annual Report of the Hill School Board
And Superintendent of Schools
2007-2008

Jennie D. Blake continues to provide a quality education to the children of Hill and students entering Franklin Middle School and continuing onto Franklin High School. The Jennie D. Blake school building continues to provide the necessary space to address the number of students coming to school and will be able to do so for the foreseeable future.

In the past year the additional teacher in the school budget has reduced class size, and improved the academic skills of the students of Jennie Blake as evidenced by the testing of students going to the Middle School. Although multi-age classrooms are still required due to the size of the school minimizing the number of students being affected improves the quality of education. As the population of students has reduced the question of the teacher will be placed on the Town warrant for the voters to consider.

The assessment of students incorporated into the school year has provided additional information on student's skills. This has meant that individual student needs can be determined and addressed. This assessment has been provided to parents of students and a school portfolio will be available to the community at the end of the school year.

The school provides other supports for students including both breakfast and lunch for those who wish it, positive behavior management strategies, outings such as the ski program, and all requirements of school approval.

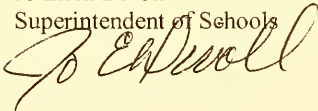

The community of Hill has continued to be supportive of its children and with its continued supports Jennie D. Blake School will continue to provide an excellent education.

REPORT OF THE PRINCIPAL

Facility: Our building is in great shape. This past summer we added a fresh coat of paint after scraping and priming existing and replacement lumber. We were also able to top coat the existing parking lot to bring it up to the same grade as the church parking lot. This also eliminated a troublesome step at the front entrance. In the cafeteria we have replaced the old buffet style tables with custodian friendly fold-up tables. These used tables make for a more efficient clean-up after lunches.

Staff: We continue to be able to say that we have all teachers at the Jennie D. Blake Elementary School meeting the state requirements for “Highly Qualified Teachers”. Even though these teachers are HQT they continue working on professional development to ensure the best educational strategies for instruction of the students. This year they have been concentrating on developing their skills in Differentiated Instruction which allows a teacher to meet the individual needs of the varying abilities of the students in their classrooms. An important aspect of Differentiated Instruction is to continue collection of student data in many forms.

Theme & Climate: Our theme of “Respect, Responsibility and Safety” is noticeable in the positive behaviors of the majority of our students from kindergarten through sixth grade. Both the PBIS and Responsive Classroom strategies we have incorporated in our daily routine have attributed to this positive climate. For two years now we have won the Blue Ribbon for Volunteerism in Schools. This accomplishment is due to the involvement of concerned and caring parents who contribute their time and talents to the students and teachers of Jennie Blake.

Curriculum: As we continue to accept the challenge of improving our educational instruction, and meeting AYP, we have turned to analyzing what we do. We have approached this through collecting data from state NECAP testing, national MAP testing and our own local assessments and aligning the curriculum to meet state Grade Level Equivalencies’. So far we have used this data to improve our reading instruction by having a 90 minute core grade level reading program which is supplemented by an additional 45 minute reading intervention program geared to small group instruction for students of varying abilities from remedial to challenging. We have been using a specialized reading test, the DIBEL, to chart student improvement on a regular basis. We are seeing some nice results as students are meeting our expectation of progress goals. We plan to make similar adjustments to the mathematics program as we continue to analyze our mathematics data.

General Comments: This year I joined the ranks of the teaching as I teamed with the teacher from the combined first and second grade classroom to teach mathematics. I thoroughly enjoy the experience of being in the classroom again. This schedule makes for some very long days and hopefully I have met the needs of the students, the parents, the community and the school board.

To the Members of the School Board
Hill School District
Hill, New Hampshire

We have audited the accompanying financial statements of the governmental activities and each major fund of the Hill School District as of and for the year ended June 30, 2007, which collectively comprise the Hill School District's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the School District's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of the Hill School District as of June 30, 2007, and the respective changes in financial position thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

The management's discussion and analysis and budgetary comparison information are not a required part of the basic financial statements, but are supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Hill School District's basic financial statements. The individual fund schedules are presented for the purposes of additional analysis and are not a required part of the basic financial statements. They have been subjected to the auditing procedures applied in the audit of the basic financial statements, and in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.
